

Outline

Introduction

Thesis: The coffee culture oriented society that we have become is facing a crossroads that will change the way Americans consume their favorite brew.

- I. The cost of raising and manufacturing coffee beans will cause consumers to drink less coffee in the future.
 - A. A minimum of four of five supporting sentences
 - B. Include examples that support the topic sentence
 - C. Be specific, add details, say more about what you've already said..
- II. Import costs will also change the price of coffee to the point many people will no longer drink it or will drink substantially less of it.
 - A. A minimum of four of five supporting sentences
 - B. Include examples that support the topic sentence
 - C. Be specific, add details, say more about what you've already said.
- III. Distribution costs are another reason that many Americans will turn from their favorite brew to less expensive drinks, such as bottled water or sodas.
 - A. A minimum of four of five supporting sentence
 - B. Include examples that support the topic sentence
 - C. Be specific, add details, say more about what you've already said.

Conclusion

(any outline you create should have at least 5 sub-points; A., B., C., D., E.)
